OPS Computer
Included

Compatible with
all Devices

Collaborate with anyone, anywhere in the world, with the X Series Unified Collaboration system. With built-in cameras and microphone array, use the Unified Collaboration (UC) software of your choice on an all-in-one interactive display to enhance any meeting or huddle space.

The X Series brings all the tools you need, right at your fingertips. With two 1080p wide-angle cameras, a microphone array with echo reduction and noise cancellation, speakers, and a built-in OPS computer powered by Intel processors all seamlessly integrated into the interactive display, just walk in and get your meeting started. No hassle, just productivity.

As natural as writing on paper, the X Series provides a smooth and intuitive writing and viewing experience. Optical bonding gives you an ultra-wide 178° viewing angle. No matter where you sit in the room, the image is vivid and clear. Wirelessly cast to the display or access documents saved in Cloud storage, all with a seamless and easy to navigate user interface.

X Series allows you to meet, conference, and collaborate without limitations.
