

video-enabled collaboration space with one single device

Start meetings:

Combine the old, familiar features with the new, intuitive experience

Sketch out ideas as a team, document timelines and track milestones; Access all Windows software just like on a PC or laptop; Write and draw on the display with accurate and responsive touch and pen experiences.

Connect

Bring people, places and information together

Connect participants: Invite remote team with preferred

tools; share screen with own devices

Share content: Share notes and files instantly during and after the meeting

ANNUAL REPORT

Your business relies on collaboration to thrive

newline interactive solutions help visualize information, exchange data in a brief manner and offer the modern tools built for active communication.

Drive synergy in your business for exponential growth.

Collaborate

Boost employee engagement, productivity, and efficiency

Synergize business processes through interactive, most widely used technology

Streamline and optimize communication with easy-to-access internet, apps and videos

Co-annotate across desktops, mobiles, and meeting rooms

newline Interactive Ecosystem

LAUNCH**CONTROL**

Enable the proximity sensor to quickly launch your calendar, meetings and preferred on-screen applications as soon as you reach the display.

WORK**SPACE**

Collaborate, annotate and co-edit documents with colleagues in different locations through video-chat, whiteboard and document editing.

Cast and broadcast content or present wirelessly from any device, and invite up to 200 participants to connect from their own.

DISPLAY **MANAGEMENT**

Centrally manage and deploy apps, configure settings, use digital signage and broadcast messages to all your **newline** displays.

Configure display settings and provide remote technical support

Integrate into company network easily

Deploy software with a touch of a finger

Tom Eifler, Jr. President, Eifler Advisory Group

With the whiteboard feature, to be able to actually talk about ideas and concepts, I feel like people are very visual, so if you can draw it out and show it to them, it really settles in and helps them understand.

Jay Arbetter Senior, Vice Principal, UBS Financial

TURTOUCH from newline has significantly improved communication with our clients. The more clear our communication, the stronger relationships we build to grow our business.

John O'Hara Director of Technology, National Flight Academy

The 28 newline touchscreens have been instrumental in setting the immersive tone at the National Flight Academy. Our students depend on these touchscreens as they plan, brief and coordinate each of their missions.

During the 2017 Summer, over 1600 students used these 28 **newline** touchscreens and the National Flight Academy has been extremely pleased with their performance.
