## FEATURES

 **20-Point Touch**  
Simultaneous Interaction

 **BYOD Enabling**  
Cast & Share Screens

 **Front Speakers**  
High-Quality Sound

 **Diverse Connectivity**  
Multi-Interface Support

 **On-Board PC**  
Optional OPS PC

### UNPARALLELED WRITING EXPERIENCE

Object Recognition and advanced IR touch technology give you the smoothest, most intuitive and responsive writing experience available. Write with a thin pen, erase with your palm, and set memory functions. Collaborate easily and comfortably without limitations.

### OPTICAL BONDING TECHNOLOGY

Ultra-wide 178° viewing angle for clear, robust images no matter where you sit in the room. Optical bonding brings an improved visual experience with accurate touch and a sturdier display. The benefits are endless.

### TRULY ENGAGING COLLABORATION

A stunning, multi-functional display to make your meetings and presentations more engaging than ever. The VN Series enables BYOD so you can share and broadcast personal device screens wirelessly and hassle-free. Enhance productivity and maximize efficiency with the VN Series.

# VN series

### CAST

Present wirelessly from any network with a single click. Share video, links, and files from any device.

### BROADCAST

Broadcast content or present wirelessly from a personal device, and invite up to 200 participants to connect from their own.

### DISPLAY MANAGEMENT

Centrally manage and deploy apps, configure settings, use digital signage and broadcast messages to all your Newline displays.

### LAUNCHCONTROL

Enable the proximity sensor to quickly launch your calendar, meetings and preferred on-screen applications as soon as you reach the display.

### WORKSPACE

Collaborate, annotate and co-edit documents with colleagues in different locations through video-chat, whiteboard and document editing.

### Built-In Apps

Everything you need to schedule meetings, manage e-mails, save and open files with the cloud and work on documents, all with Newline's built-in apps. Collaborate locally and remotely, easily.
