

A REMOTE DISPLAY MANAGEMENT SOLUTION

Centrally manage your Newline interactive displays in any location through a secure and dedicated web portal. Easily manage and deploy apps, configure Newline display settings, use the digital signage features or broadcast messages to all displays.

MANAGE FROM THE CLOUD

Access everything your team needs from a convenient, Cloud-based portal. Save time walking room to room and do everything you need remotely.

Manage Apps

Install, remove, and update apps on each display from the control panel.

Post Alerts/Messages

Create announcements and alerts that will flash on all, or some, panels all at the same time.

Remote Support Access

Quickly remote into a panel and assist your team without having to be physically in the room.

Adjust Panel Settings

Lower volume, switch between sources, and even update the date and time on the panel.

Customizable Screensaver

Add a series of videos and images to display on any panel that goes idle.

Schedule Power On/Off

Easily schedule what time the panels will auto-power on and when they can auto-power off.
