newline
Revolutionize
your Workplace
Create

Intuitive and collaborative

Workplace interactive ecosystem

newline introduces an all-new interactive ecosystem powered by an innovative set of digital tools. This intelligent and flexible workspace helps you work more efficiently, faster and better. With newline at the heart of every workplace, meeting rooms, conference calls, and collaboration sessions are brought to a whole new level.

Optical Bonding
4K vivid images

Cable-free presentation

Bring Your Own Device

Enhancing productivity and efficiency of every meeting.

Connect

Anyone, anywhere, and anytime

Bring people, places and information together

Everything you need for better meetings and better video conferencing all rolled into one single interactive display.

Above all, **newline**'s solutions streamline your workspace.

Start Zoom, Teams or Skype meeting with one click

Use one app for all your meetings

Annotate and connect with the cloud

zoom

Collaborate

Boost engagement, productivity, and efficiency

Your business relies on collaboration to thrive

newline interactive solutions help visualize information, exchange data in a brief manner, and offer the modern tools built for active communication.
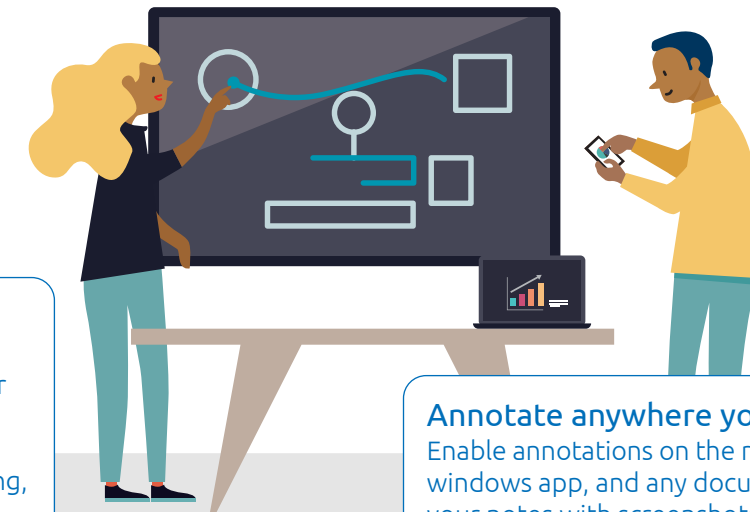

Drive synergy in your business for exponential growth.

Object recognition :
1. Recognize a thin pen tip as a pen.
2. Finger's operation supports canvas movements, zoom... etc.
3. Palm is recognized as an eraser tool.

Options of edit tools :
newline Whiteboard provides various tools such as pen, color option, sticky notes, google search, and background color for your meeting, brainstorming, and presentation.

Annotate anywhere you want to :
Enable annotations on the running browsers, windows app, and any documents. Capture your notes with screenshots.
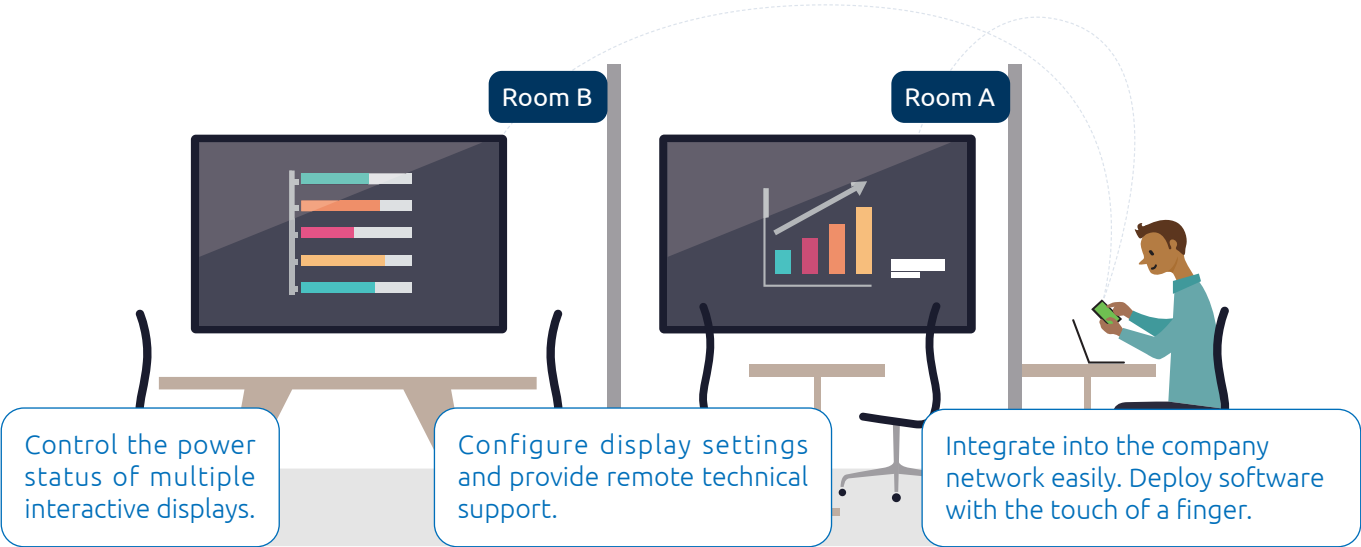

newline
Interactive Ecosystem

CAST BROADCAST

Cast and broadcast content wirelessly from any device. Invite up to 200 participants to connect from their own devices.

DISPLAY MANAGEMENT

Centrally manage your Newline interactive displays in any location through a secure and dedicated web portal. Easily manage and deploy apps, configure Newline display settings, use the digital signage features, or broadcast messages to all displays.

Room B

Room A

Control the power status of multiple interactive displays.

Configure display settings and provide remote technical support.

Integrate into the company network easily. Deploy software with the touch of a finger.

Success Stories

Tom Eifler, Jr.
President, Eifler Advisory Group

"With the whiteboard feature, to be able to actually talk about ideas and concepts, I feel like people are very visual, so if you can draw it out and show it to them, it really settles in and helps them understand."

Jay Arbetter
Senior, Vice Principal, UBS Financial

"TURTOUCH from **newline** has significantly improved communication with our clients. The more clear our communication, the stronger relationships we build to grow our business."

John O'Hara
Director of Technology, National Flight Academy

"The 28 **newline** touchscreens have been instrumental in setting the immersive tone at the National Flight Academy. Our students depend on these touchscreens as they plan, brief and coordinate each of their missions.

During the 2017 Summer, over 1600 students used these 28 **newline** touchscreens and the National Flight Academy has been extremely pleased with their performance."
