THE BUDGET FRIENDLY WAY TO INTEGRATE WINDOWS

Newline OPS PC is an onboard computer for Newline displays that seamlessly integrates into the OPS slot on the back of the panel. When you turn on your Newline display, the OPS PC automatically turns on as well. No cables or need to connect any other Windows devices. Newline OPS PC features a number of variants with different specifications. All models have OneKey Recovery to quickly restore your PC in case of system failure. This budget friendly model of the Newline OPS PC range supports 4K/UHD at 30 hz for good image quality. An absolute must-have for any Newline solution!
