NEWLINE'S
CUSTOMERS

DON'T JUST TAKE OUR WORD FOR IT...

"I have been absolutely blown away by the quality and features of the product! Adding the touchscreen system capabilities to our classroom has made a lasting, permanent and positive impact on the educational experience at our school!"
Steve Doughty
Eisenhower Middle School

"Using the touchscreen system allows the students to show their work on a larger surface, annotate anything that they need to make changes on, and it involves a group setting."

Kelley Watson
MacArthur High School Entrepreneurship Program

"Our touchscreens are very easy to use and that means more teachers and students are really using them! We are so pleased that we have these tools in our classrooms!"

Karina Garcia
St Bernard of Clarivaux Catholic School

"Newline has enabled us to provide a seamless experience to kids without interference. The panels are not in the way, they are part of the process. All of our teachers have found their niche and love how easy it is to use the panel."

Ed Kemnitzer
East Williston School District

"Newline is the heart and soul of our classroom ecosystem. Our teachers now deliver instruction from their interactive panel that is joined to our interactive online videoconferencing system. By adding webcams into our classroom, they can now teach the students in-person and at home at the exact same time all within the ecosystem that they were presenting in normally."

Kyle Berger
Grapevine-Colleyville Independent School District

"We chose the touchscreen from Newline after trying out a couple options. All our classrooms have SMARTboards but as the older ones were needing replacing, it was clear it was time to move to another device. As a G Suite district and invested in Chromebooks, the TRUTOUCH was a clear winning choice. The Chrome compatibility, advanced features, and their support have made this a real winner for the classrooms in our district."

David Flynn
Macon County School System

"Newline's products are engaging our students in classrooms across the Diocese and our teachers love them for their ease-of-use. We also value the level of tech support and onsite training Newline provides whenever we need it."
