## CENTRALLY MANAGE YOUR NEWLINE DISPLAYS FROM THE COMFORT OF YOUR DESK

Newline Display Management Plus is a remote display management solution that enables users to centrally manage the Newline displays from the comfort of their desk. Users can deploy and install apps, configure display settings, and push updates without communicating back and forth. Take over the screen to perform technical support tasks without limits. Broadcast mass messages, remote control, and access to usage data within few clicks, all from a secure web portal. The Display Management Plus helps education and corporate IT administrator to easily manage and organize the Newline displays efficiently anywhere, anytime.
