ENGAGE CLOUD

ENGAGE YOUR STUDENTS WITH INTERACTIVE LEARNING

Newline Engage Cloud is an online, cloud-based interactive whiteboard that empowers teachers with the tools needed to conduct remote, hybrid and in-person instructional sessions on their Newline displays. Teachers can upload existing material or create new material using tools and widgets built into Newline Engage Cloud software. Newline Engage Cloud provides classroom controls and teaching tools not available in other whiteboard applications including hundreds of subject-specific tools and features like timers, polls, spinners, clocks, grids, handwriting recognition and more.
