Username @ Account

Password [Forgot password?](#)

LOG IN

OR

*Google and Microsoft login required admin approval

LOG IN WITH GOOGLE

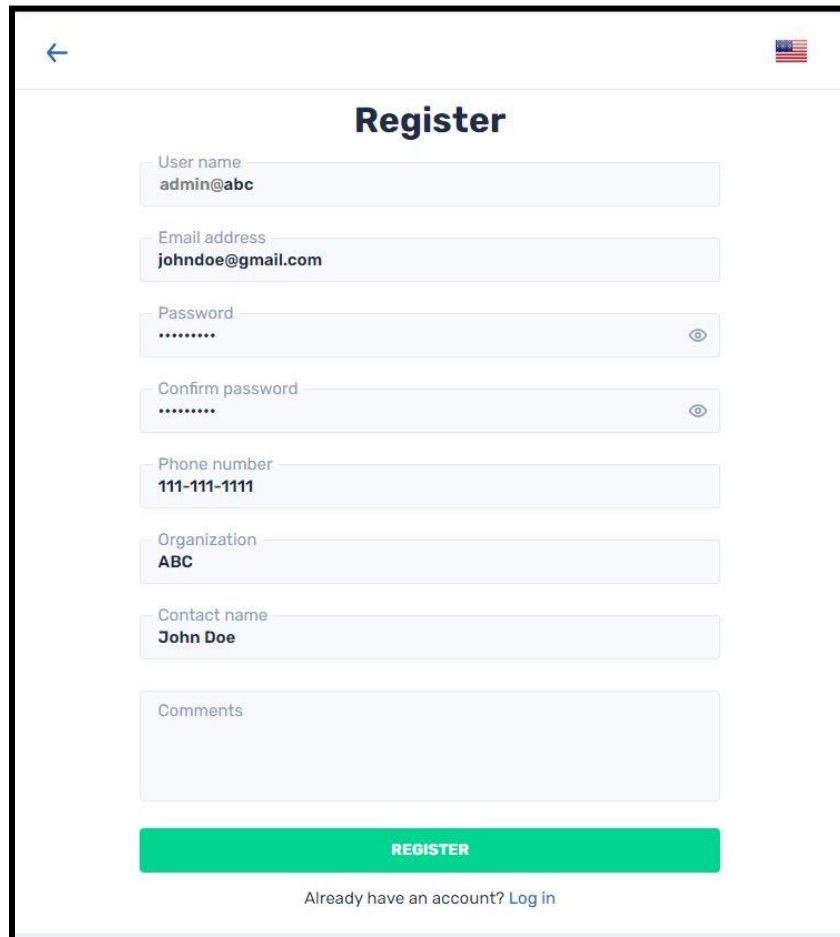

LOG IN WITH MICROSOFT

Don't have an account? **Register**

newline

3. Create a username. The username will always begin with **admin@**. You can type anything after @, provided it's unique. For example, if your domain is abc, then your username will be admin@abc. It's common for the organization's domain name to be used and this would be a good choice.

4. Fill in the rest of the information. Example below.

The image shows a mobile application registration screen. At the top, there is a back arrow on the left and a US flag on the right. The title "Register" is centered. Below the title are several input fields: "User name" with the value "admin@abc", "Email address" with "johndoe@gmail.com", "Password" and "Confirm password" both with masked characters "*****" and eye icons, "Phone number" with "111-111-1111", "Organization" with "ABC", and "Contact name" with "John Doe". There is also a larger "Comments" text area. At the bottom, there is a green "REGISTER" button and a link "Already have an account? Log in".

5. Click Register.
6. You will receive an email to confirm your account.

How to add a panel to your account.

1. On the panel, access the Newline Display Management + app. Depending on the model of the panel, this app can be found under the **Apps** (Q or Z Series) or **Gadgets** (RS/RS+/NT/X/VN Series) list.

2. For basic setup, enter your account name. Accept the terms and click Enroll.
Steps 3 - 8 will explain the advanced setup option. If you wish to skip the advanced setup, please proceed to step 9.

Newline Display Management+

Newline Display Management+ platform makes remote device management easier than ever.

Register a new account

If you don't already have an account, take a moment to register a new Newline Display Management+ account.

[CREATE ACCOUNT](#)

Activate and enroll your device

If you already have a Newline Display Management+ account, start here to enroll this device

Enter your account name:

☒ Accept terms and conditions

[ENROLL](#)

[Click here to enroll using the 'Advanced wizard'](#)

ID: DEIC1G6LC64357 [Version: 25.6.1.726]

3. For Advanced setup, click *Click here to enroll using the 'Advanced wizard'*. Advanced setup will allow you to add a name, as well as tags to your account. It's not required here, as this can also be done on the web portal.
4. Under the Connection info, enter your account name and the name of the panel. **Leave the MDM Server address as default which is <https://newline.glbth.com>.**

The screenshot shows the 'Connection Info' form in the Newline Display Management+ application. The form has a dark header bar with the title 'Newline Display Management+' and a menu icon. Below the header, the title 'Connection Info' is displayed in blue. The form contains three input fields: 'ACCOUNT NAME' with the value 'abc', 'MDM SERVER ADDRESS' with the value 'https://newline.glbth.com', and 'NAME' with the value 'Room 101'. A 'NEXT' button is located at the bottom right of the form.

5. (**Optional**) If you'd like, add a tag and then click Next.

The screenshot shows the 'Tags' form in the Newline Display Management+ application. The form has a dark header bar with the title 'Newline Display Management+' and a menu icon. Below the header, the title 'Tags' is displayed in blue. The form contains a single input field labeled 'TAGS'. At the bottom of the form, there are two buttons: 'PREVIOUS' and 'NEXT'.

6. **(Optional)** Add a password to the app if you want to prevent unwanted changes. Click Next when you are done or if you do not want to add a password.
7. Accept the terms and conditions and then click Next.
8. Click Finish.

The screenshot shows the 'Review' screen of the 'Newline Display Management+' app. The screen has a dark header with the app name and a menu icon. Below the header, the word 'Review' is displayed in green. A table lists the configuration details: Device ID (DEIC1G6LC64357), Selected Account (abc), Selected Host (https://newline.glbth.com), Selected Name (Room 101), and Tags (None). At the bottom, there are two buttons: 'PREVIOUS' and 'FINISH'.

DEVICE ID	DEIC1G6LC64357
SELECTED ACCOUNT	abc
SELECTED HOST	https://newline.glbth.com
SELECTED NAME	Room 101
TAGS	(None)

PREVIOUS FINISH

9. The panel has successfully connected to your account.
10. Log into your online portal and select the "Devices" tab. You will now see your display listed.
