Real-time Instant Language Translation	200+ Supported Languages & Dialects	Participation in Every Language	Future-Proof AI Integration	Easy User Management & Admin Controls	Fully Integrated with the Q Pro

BUILT IN **REAL-TIME TRANSLATION**

Introducing TranslateLive powered by Newline—a groundbreaking collaboration that transforms classroom communication. The Newline Q Pro Series Interactive Panel now features TranslateLive's Instant Language Assistant (ILA), delivering real-time translation in over 200 languages and dialects—right from the panel. ILA is the only translation solution combining AI with intelligent, customizable design to provide the most accurate, secure, and private translation experience available. With TranslateLive powered by Newline, teachers can focus on teaching, not translating. Students gain equal access to learning through clear, collaborative communication. Families feel confident their child is included, supported, and thriving. And administrators can lead without the limits of language barriers—ensuring every classroom is a connected, inclusive, and equitable learning environment.
