newline DISPLAY MANAGEMENT

CENTRALLY **MANAGE** YOUR NEWLINE DISPLAYS FROM THE COMFORT OF YOUR DESK

Newline Display Management is a remote display management solution that enables users to centrally manage the Newline displays from the comfort of their desk. Users can deploy and install apps, configure display settings, and push updates without communicating back and forth. Take over the screen to perform technical support tasks without limits. Broadcast mass messages, have remote control, and access data usage with a few clicks from a secure web portal.

- Centrally Organize Display Settings
- Broadcast Alerts
- Remote Support
- Install Applications
- OTA Firmware Management

This innovative tool even allows IT administrators to remotely support users with voice and video.

Newline Display Management helps education and corporate IT administrators to easily manage and organize Newline displays efficiently anywhere, anytime.
