

newline DEVICE MANAGEMENT PRO

Centralized Management

Deep Device Control

OTA Firmware Updates

Fast Device Enrollment

Application Management

Intelligent Automation

Smart Organization

Real-Time Visibility

POWERFUL TOOLS.
SIMPLIFIED **DISPLAY MANAGEMENT.**

Newline Device Management Pro is a powerful cloud-based platform that gives IT administrators complete control over their Newline display network from anywhere. Free to all Newline customers and backed by a perpetual license, NDM Pro delivers long-term value without recurring licensing fees. Easily manage devices, deploy apps, configure settings, push firmware updates, and provide remote support through a secure, centralized dashboard. With intelligent automation, flexible device enrollment, real-time monitoring, and advanced organizational tools, NDM Pro simplifies large-scale display management while reducing IT workload. Whether supporting classrooms, campuses, offices, or meeting spaces, NDM Pro helps organizations keep displays secure, up to date, and operating at peak performance—all from a single platform.
